Parent Guide

The Five ways to wellbeing are simple things that we can all do to improve our emotional health and wellbeing:

- **Connect**
- **Be active**
- **Take notice**
- **Keep learning**
- **Give**

Connect: Spend time with family and friends. Enjoy doing things together and talking to each other.

Be active: It keeps you physically healthy, and makes you feel good

Keep learning: Try something new. Try a new hobby, or learn about something just because it interests you.

Take notice: Take a break to see how you feel. Relax and look around you or listen to music, take a few deep breaths.

Give: Do something for a friend or relation/adult, as well as making them feel good, it can make you feel good too!
