

Year One Home Learning Pack 2

Weekly Learning: 30th March 2020

Theme: Plants and growth

Science/Art

This week you are going to bring all of your learning on plants and growth together in a creative way by making your own wonderful **spring garden of flowers and trees** and animals if you like. Use a cardboard box and pipe cleaners, tissue paper, pompoms, paint, glitter, anything you like and make it your own. Send us photos – see attached sheet for artist ideas.

Jigsaw PSHE

Our topic in PSHE is Healthy Me. One of the ways to stay healthy is **“Keeping Clean”** and your job this week is to learn all the ways you can take care of your body and clean it well. There is an I Spy sheet attached – play the game but then have a go at writing a sentence for what you can see. For example, “I spy a boy having a shower to keep clean”. Then go on a hunt in your home with your grown up and talk about all the things there are to use to keep you nice and clean! Here are other things from Jigsaw you can explore. P: Home

Keeping Clean I Spy

I spy with my little eye:

Art inspired by nature

Many artists have looked at plants and flowers to help them make beautiful artwork. You can make some too- depending on what you have around you, you can choose one from the following:

You can do a *Still Life* painting or coloured in drawing. Van Gogh painted these sunflowers in bright, bold colours. You can draw or paint flowers, plants or trees.

If you are able to go outside, you can create some *Land Art* like Andy Goldsworthy. Use sticks, stones, leaves and flowers to make shapes or patterns. Then photograph them and send them to us.

Or lastly, you can do *Junk Modelling*, using toilet roll tubes, cardboard, empty plastic bottles and other junk to make flowers or plants. Get creative and send us all your pictures!
