Dear Parent / Carer

Educational Visit – River Colne

Years 3 and 6 have been lucky enough to have been invited to participate in the Watford Rivers Project. This project is run by Mr Belloni from Community Connection Projects CIC who undertakes river & land improvement projects in Watford and often works with volunteers, local organisations, corporate groups and community payback schemes. Mr Belloni is going to be working with us to try and help develop better care and understanding of local rivers; teaching the children about the importance of looking after our environment.

This project will involve going out and cleaning up our community and areas surrounding the river Colne. Your child will not be entering the river.

Your child is invited to participate in the above trip.
