- **Creative Earth** is an art competition for people **aged 16 and under** from across the UK, run by the **UN COP26 Climate Change Conference** in collaboration with **WWF**.
- As part of the 'Together for Our Planet' campaign, they're inviting young people to get creative and show global leaders **the world they want to live in**.
- Whether it's green forests and garden cities, clear skies and wind turbines or oceans teeming with life – we want you to **paint, draw or design** a piece of art that shows how you'd like our planet to look in the future.
- The UK is hosting COP26 in Glasgow in November 2021, bringing together world leaders to tackle climate change and ensure a better future for us all.
- Enter the competition to be in with a chance of having **your artwork displayed at COP26** and show the rest of the world your vision for the future.

How to take part:

Get yourself a template. Either download one:

[Download the Creative Earth template.](#)

OR: Print the circle out and draw directly onto it

OR: Edit the circle template on your computer using whatever software you like

OR: Draw a circle onto an A4 sheet of paper.

Remember:

- All artwork must fit within the circle and **include the colour green.**
- Create your vision of our future planet filled with what you want and free from what you don't want.
