

HOME SCHOOL RESOURCES

22ND JANUARY 2021

WELCOME TO THE 2ND EDITION

Welcome to our 2nd Edition of Home School Resources.

We hope that you found the 1st edition helpful. The staff at Laurance Haines have continued to gather more information to support all parents/carers with home schooling during the lockdown period.

Please remember that the learning provided by LHS will be enough to support home learning. However, should you wish to look at additional learning you are very welcome to.

If you have come across any useful information we actively encourage you to share this with the LHS Community, either via Social Media or you can the school. We have also added a new page to our [website](#) with downloadable documents should you wish to use them.

Please share any experience you have using the additional resources we have shared!

We are here to support you in any way we can as your children are remote learning from home. Please email or call the school should you need any support.

Thank you

Mrs Ball
Assistant Headteacher

LOCKDOWN REMINDERS

The safest place for you and your child(ren) is at home. The Government guidelines are clear and you can find all the information you need here.

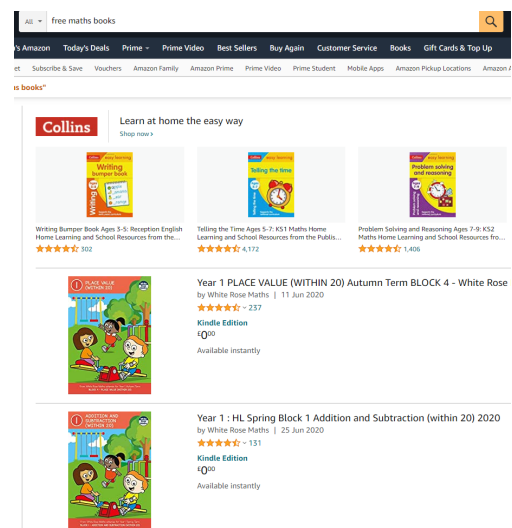

Please ensure you read this information and abide by the guidelines in place to protect everyone.

FREE MATHS BOOKS

Amazon are offering FREE maths books available to download straight onto your Kindle or iPad.

Simply type in 'free maths books' in the search bar on the Amazon website. Click through to purchase as normal and it will show the price as £0 and the option to download.

PHONICS

Phonics Play are offering FREE access to online games via their website.

```
Username: jan21
Password: home
```

Phonics Books are providing FREE printable reading and spelling resources, for use by parents, teachers, tutors and those who are homeschooling.

CREATIVE EARTH COMPETITION

Creative Earth is an art competition for people ages 16 and under from across the UK, run by the UN COP26 Climate Change Conference in collaboration with the WWF.

As part of the 'Together for Our Planet' campaign, they're inviting young people to get creative and show global leaders the world they want to live in.

Whether it's green forests and garden cities, clear skies and wind turbines or oceans teeming with life we want you to paint, draw or design a piece of art that shows how you'd like our planet to look in the future.

The UK is hosting COP26 in Glasgow in November 2021, bringing together world leaders to tackle climate change and ensure a better future for us all.

Enter the competition to be in with a chance of having your artwork displayed at COP26 and show the rest of the world your vision for the future.

For more information please watch the [video](#) or visit our [website](#) to get more details on how to enter.

VIRTUAL TOURS

Even though we are staying at home, this doesn't mean we can't visit the museums, zoos, art galleries, national parks, theme parks, landmarks and space!

Check out this [website](#) for all the best links in one place!

THE SCIENCE MUSEUM

The [Science Museum](#) has shared a number of home learning resources to support children in KS1, KS2 and KS3.

They have three core areas for you to explore; [Resources for the Classroom](#); [Objects and Stories](#); and [Games and Apps](#)

SCIENCE MUSEUM

NATURAL HISTORY MUSEUM

The Natural History Museum has shared an exciting range of [Dinosaur themed activities](#) to do at home with your children.

They are also inviting children to become a '[Natureonaut](#)' by exploring outside with Dippy.

(Please remember that if you are outside to keep safe and keep your distance in line with the government advice).
