Ash	Max	Did not attend
Palm	Talitha	✓
Pine	Elliot	✓
Beech	Sissi	✓
Birch	Maheen	✓
Willow	Sophie	Did not attend
Walnut	Monica	Did not attend

ITEM	ACTION
<p>Science Survey Mr Tipton came to part of our meeting to discuss a Science Survey he would like the School Council to conduct. He explained; as Science Co-ordinator, he wants to know how children at LHS feel about the way science is taught. Councillors to carry out the survey and return completed forms before the end of term.</p>	<p>Councillors</p>
<p>What makes maths fun? We looked at the results of the survey which identified that cubes, new books, role play and games are the things that make maths fun and enjoyable for most of the children in LHS.</p>	<p>Mr Alexandre to use results to develop maths in school</p>
<p>Classroom Cloakrooms There was a lot of discussion about the state of the cloakrooms in all classrooms. The Councillors reported that there are always coats and bags on the floor, some bags are left open so the contents fall out, it's a struggle to get to your peg or find your belongings. The councillors felt very strongly about this issue and want to further investigate how to improve it. They reported that cloakroom monitors work better in some year groups than in others.</p>	<p>Councillors in the new term.</p>
<p>Next meeting scheduled: January 2014</p>
