ITEM	ACTION
There had been an assembly to remind children about playground rules in particular ball games and football and equipment days. There had been recent issues of children playing football when it wasn't their day which resulted in disagreements and one child running into the car part to retrieve a football. Also when children use the equipment when it is not their day, other children try to physically pull them off which can result in injuries.	MP
The council discussed the assembly and different ways of making sure the rules were fully understood by all the children. After some discussion, it was agreed that councillors should meet with the Sports Ambassadors to look at some safe playground games they could learn and teach to other children. Mrs Penny to e-mail Mr Carvalho to arrange a meeting.	
The councillors also decided they would speak to the rest of their class about keeping themselves safe in the playground.	Councillors
Next meeting scheduled: 25 <sup>th</sup> February 2015
