Discussions:

Mrs Roach explained that she would like to take the PLC on a learning walk around school focusing on topics.

This is what the PLC members think we should be looking for:

- Amelia – get that ‘uh oh’ feeling in the classroom. Butterfly feeling/jelly legs.
- Gracie – children’s work displayed on the wall which will motivate them to carry on.
- Judith – examples of homework.
- Jeff – things to help motivate the children.
- Maria – work which makes you proud.
- Sarah – bright colours
- Thevindu - reading books to help get vocabulary. Flipchart on the washing line.
- Yasir – things that help you with your writing on the table.
- Oyindmola – a maths display with times tables.
- Bandzile – science books.
- Nana – things on your table to help with your writing.
- Cameron – a range of books in the book area. Children always want the ‘Where’s Wally’ books!
- Catherine – display of English and Maths so it helps us.

In addition to these ideas, PLC decided that we should look for these things in every classroom:

- Maths and English board
- Topic board
- Class Rules
- 6 principles of nurture
- Behaviour charter
- Children's work - a variety
- Buoyancy balloons – explain how to get them
- Resources – a good amount

At our next meeting we will plan our learning walk for January.

Next Meeting: Thursday 7th at 9.00am

Actions arising from meeting:

Mrs Roach to create a checklist with the PLC's ideas.
